alleged that the Respondent, a psychiatrist who has been actively treating patients for pain management, is practicing in a manner that constitutes repeated acts of gross negligence. It further alleges that he is prescribing unheard of amounts of highly addictive CDS to his patients with no justifiable reason evidenced in his records. It is also alleged that he fails to substantiate his patients' need for any amount of pain medication, let alone the huge amounts he prescribes, through use of diagnostic testing and physical examinations. Finally, it alleges that he also continually fails to employ even the most rudimentary safeguards necessary to prevent drug abuse and/or diversion, such as urine drug screens, Controlled Substance Agreements, and utilizing the NJ Prescription Monitoring Program ("PMP") and ignores warnings from other doctors and pharmacies. Oral Argument on the Application is scheduled.

This matter was adjourned in light of Dr. Glass entering into an Interim Consent Order whereby his license has been temporarily suspended.
